

Wristbands Tyvek and PVC

Secure Admission and Control ID Wristbands.

Ticketing:

Use Tyvek and PVC bands as an effective non-transferable ticketing method. Sharp bright colours, Tyvek with tape or PVC easily snap locked around all wrists. Eliminate lost tickets. Efficient and practical ticketing and crowd control ID bands.

Identification:

Ultra bright and highly visible in a large variety of colours. Printed messages and logos for extra security. ID advance payers, groups, VIP's, officials, ages and competitors.

Promotion:

Promote your company by sponsoring the ID wristbands at events. Tags can be printed, use them for raffles, tombolas, discounts, prepaid rides, food and drink tickets, game entry and many more promo ideas.

Control:

Control and minimize standing in line, time allocations and time lengths. Control access to special areas, attractions and particular venues. Serial numbered bands will assist in controlling budgets.
